

**ASPIH - Nov 2017 - UK**

Quality CPR that Leads to More Lives Saved

### **SmartMan High Fidelity Feedback Simulation**

SmartMan attended ASPIH - Association for Simulated Practice in Healthcare SmartMan – in Telford, Shropshire, UK where we work closely with Inovus Medical to bring world's best practice to CPR training in the UK.

It is a stunning venue where we met a lot of wonderful people concerned with improving practice. It was a pleasure to introduce SmartMan to new audiences who are enthusiastic and knowledgeable.

Better Feedback.
