

## SmartMan in Shanghai, May 2017

High quality CPR with advanced simulation features stand SmartMan apart.

SmartMan brings world's best practice to CPR Training.

### SmartMan High Fidelity Simulation in China

It was a great team effort by everyone to put together an amazing SmartMan show in Shanghai China. It is one of the premier medical shows in the world with throngs of people from every part of the world attending.

Even famous world companies showing their products, our outstanding quality was immediately recognized for what it is – world leader in our field. SmartMan is proud to be correlated with the World's Highest SCA Survival Rates.

The USA- Corporate Executive provided added professionalism with consular staff checking people into our booth, keep everything orderly and providing tea, coffee and food for our visitors.

### Moving Strongly Forward in China

We have confirmed a deal; to move forward strongly in China and intend to support our people there to establish a strong presence and save more lives.

We are excited about the opportunities afforded by the market in China. Our technology is currently leading the world and we have a head start in the market place. With support and hard work we hope to capitalize on both.

Thank you to everyone who spent time with us.
