

**SmartMan in NAEMSE, Aug 2017**  
High quality CPR and advanced feedback simulation

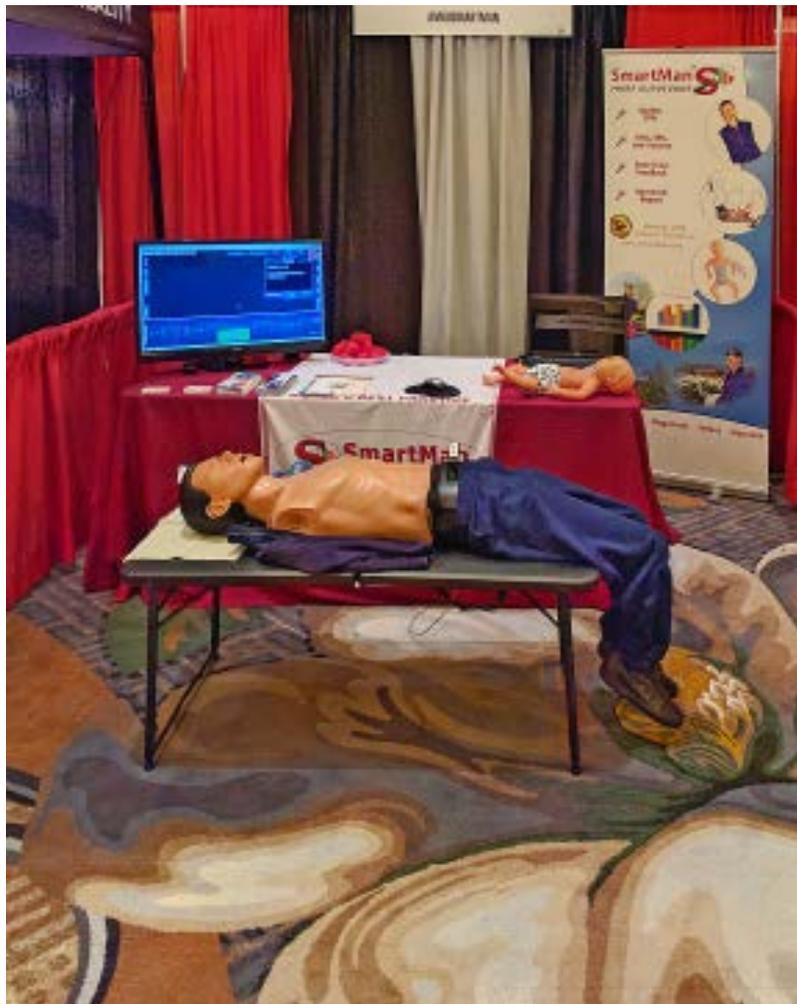

SmartMan brings world's best practice to CPR Training.

### **SmartMan High Fidelity Feedback Simulation**

Thanks for coming by and trying out SmartMan.

Great to see that so many are now looking at improving the Quality of your training devices in response to the AHA notification that training will have to include feedback.

Since you are making the move, go to the best feedback available. SmartMan is the most accurate and easiest to understand. We have always been the leader in the move to improving the accuracy and accessibility of feedback during CPR.

Better Feedback.
